Subject: Strategic Plan Framework - The Ascent 2029

A message from EOU INFOLINE

Dear EOU Community,

I am pleased to announce that the EOU Board of Trustees approved the [Strategic Plan Framework - The Ascent 2029](#) which serves students, the region, and the state.

Last September, I requested the University Council to lead a transparent and inclusive process guided by the objectives of the [Scope of Work](#). This document provided the foundation and expectation for the strategic planning process that has followed. The University Council was supported by the activities of the ad hoc Strategic Priorities Organizing Committee (SPOC). The process involving all university constituents was synthesized by the SPOC and reported back through the governance bodies with a presentation of the [Strategic Plan Framework - The Ascent 2029](#) to the Board of Trustees.

I would like to acknowledge the leadership of the University Council and SPOC. It was their commitment to inclusivity that brought us together — thank you. In particular, the work of SPOC members MJ Heather, Holly Chason, Donald Wolff, Karen Clark, Wilson Zehr and Mike Sell was critical to the process. Additionally, I extend my appreciation to the members of the joint planning committee that included Emily Sharratt, Sally Mielke, Madeline Martens, Lori Baird, Gary Keller, Kyle Pfaffenbach, and, again, thank you for engaging and contributing to the final framework.

We have a lot of work in front of us to fully achieve the goals within "The Ascent!" Aligned in purpose and by working together, we can be an example of excellence.

Sincerely,

Tom Insko
President, Eastern Oregon University
