## THE EARTH'S ESSENCE

We Look Above;  
Our Eyes Dart  
Back,  
Mesmerized By  
The  
Ambiance Of It  
All.

When We Look  
Ahead;  
We Will Find  
Our Way  
Back.

Impossum Of The  
Elements;  
Far & Wide,  
Illuminate The  
Lofty Quest Of  
Path.

The Wind Blows  
So Feverently;  
One Might Think  
A Cyclone Would  
Emerge.

We Seek The  
Stillness Of The  
Sun's Rays;  
Thereby, Telling  
Time Through

It's  
Hour-Glass.

Solitude Is So Desired;  
Serene Is  
The  
Day.

The Foliage Sways  
Side To Side;  
And,  
TO and FRO.  
They Are Almost  
Human Like In  
Their Body  
Language.

For The Days  
Come And Go;  
Signaling The  
Earth's  
Transparency.

If We Listen,  
We Can Hear The  
Music  
In It's  
Synchronicity.

Basking In It's  
Glory,  
Is Profound

In Itself.  
It's Almost Like  
Drowning  
In It's  
Essence.

The Wind, Wisps, & Willows,  
Are All In Tune;  
Can't You Hear It:  
It's So  
Sublime.

True To Its  
Nature For All  
To See;  
To Languish In Its  
Properties,  
Is A Marvelous  
Endeavor.

So, To Seek The  
Stem Of All Its  
Beauty;  
Is Nothing Short  
Of Miraculous  
Grandeur.
