### We appreciate you!

Thank you for all that you do supporting student success. We learned from some of the students you interact with what makes you an amazing member of the EOU community:

"Wilson was a great professor because his goal was to teach us material that would help us out in the grand scheme of life, no matter what the book followed. His dedication to sharing his Finance knowledge with his students was admirable. This passion for teaching is rare and is something that Eastern needs to cherish when we find it. He quickly graded homework, quizzes, and tests with feedback"
