Hi Wilson,

Rep. Barreto is planning on this meeting.
I've forwarded this info to him.

Hi Greg,

Just wanted to check and make sure we are still on for tomorrow at 2:00? Talked with Jim Coonan (Oregon Growth Board) tonight and he made it in just fine. He is really looking forward to meeting with you.

Could we just meet at Zabel Hall? We can find a meeting room from there.

Looking forward to talking soon.

Best;

Wilson

Sounds great. Could we meet after lunch?

We could find a place on campus or go anywhere you would like.

You are probably already familiar with the university. However, if we meet here I would to setup meetings with anyone else you would like to talk with as well.

Please just let me know what works best for you.

Best;

Wilson

Hi Wilson,

I will be in district that week with town halls in all three counties. The 7th looks like a free day and would look forward to meeting you both. We could meet where ever suits you best.

Greg

Hi Greg,

We have never met before. I'm a Professor at Eastern Oregon University. Greg Smith suggested that I contact you regarding a visit we have here next month.

We will have Jim Coonan (Oregon Growth Board) here on Nov 7 (see below). We may have time for an additional meeting between 1:00 – 3:00.

Do you have time to get together with us and discuss economic development and regional entrepreneurship? Would love a chance to connect the two of you. Think you have very complimentary charters.

We can come by your place if that works best.

Please let me know what is possible...

Best;

Wilson

Hi Dan,

Just following up with the first member of our speaker series. Jim Coonan will be here on campus Nov 7. Jim is a co-founder of OEEO, Kentrox, and Peak Audio Group. He has also held executive positions with a number of consumer products companies. He served on the Board of OUS and is currently on the Oregon Growth Board (<http://www.oregongrowthboard.com/Board-Members/>). He has also been instrumental in setting up entrepreneurial programs across the state working with OEN and RAIN (OSU). You will find his bio attached.

He is here to discuss a (university-centric) structure for regional entrepreneurship and to discuss entrepreneurship with our students.

We will meet with Tom/Tim from 8 – 9. He will meet with my 464 class from 10 – 12. We will invite the entrepreneurship club and any other students on campus who want to attend. If we could setup a Zoom conference we could make it available online as well.

We will also meet with the regional task force (Governor's office).

...
