

EASTERN OREGON UNIVERSITY

Information Technology Department

November 19, 2019

To whom it may concern,

I am writing to you for your consideration for Wilson Zehr for tenure-track. I believe Wilson is a man of integrity and a value to Eastern Oregon University.

I have participated in [University Council](#) alongside Wilson ever since 2016. Since this time, I have worked with Wilson on various projects including university policy approvals, updating the University Constitution, addressing the University's strategic goals and core values along with many other topics that University Council has engaged in during these past few years.

I have also worked with the Inter-Mountain Educational Services District (IMESD) the past two years to bring a Technology Expo to the EOU campus annually for 200 plus high school students to visit our beautiful campus and learn more about specific technology topics from a variety of instructors. Wilson was gracious enough to lend his talents to this expo by offering to be an instructor for digital marketing and web commerce. The feedback I received back from these high schools was also complimentary of Wilson's talents as an engaging instructor.

Please feel free to contact me at any time if you have any questions or require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Carman'.
